

Corporate Pack Volunteer Opportunities

Corporate Pack Volunteering is a great way to have fun and boost morale while saving lives!

Why volunteer for the Nebraska Humane Society?

The Nebraska Humane Society's Corporate Pack Volunteer Program is a great way for your company to give back to the community by engaging in fun, meaningful projects at the shelter.

Each year, more than 20,000 homeless, abandoned or neglected animals come through our doors needing shelter, nourishment and lifesaving care. With your Pack's help, each one will have a second chance at a happy, healthy life!

Teambuilding volunteerism boosts company morale and gives your team a day out of the office to do good!

How can Packs get involved?

Packs consist of five to 15 people who join to help the homeless animals in our community by completing a variety of essential tasks at the shelter. Typical Pack volunteer opportunities include making enrichment toys and treats (stuffing Kongs and preparing licky mats), making snuffle blankets, and shelter spruce up projects like cleaning, painting, landscaping and more!

These projects do not include hands-on contact with animals in our care, however, they are integral aspects of helping animals in need, allowing staff and long-term volunteers to focus on important daily animal care. (Volunteers who help us with animal care go through extensive training and make a weekly commitment to a volunteer position.)

Volunteer shifts are generally two to four hours in length and can include an informational NHS 101, facility tour and meet and greet with a furry friend!

Is there a cost associated with Pack volunteering?

Our donation-based experiences help cover the resources needed to host groups, as well as provide funding for the sick, injured and abused pets in our care. We rely on the generosity of our community to help us with our life-saving work. Therefore, we do ask for a corporate gift of \$1,000 (or more!), per Pack, to help defray the costs of direct animal care. Your company can also do a donation drive for enrichment items (peanut butter, yogurt, bananas, etc.).

It takes both volunteerism AND corporate partners to save the thousands of animals who come to us each year. Your financial support truly matters and saves lives.
